Attractions directly in Boeblingen

Upper and lower lake: The two lakes are located in the centre of Boeblingen and are separated by a road. They are surrounded by some excellent restaurants and bars, with excellent views in both summer and winter.

The church: The church is also located in the centre, opposite the town hall. It is in the old part of Boeblingen. It possesses typical architecture of the old town.

Schoenbuch Brauhaus: Enjoy a traditional German beer from an excellent brewery. The beer is produced locally. One could also enjoy the large beer garden and beer hall that they offer.

Visit of the brewery: To see the Schoenbuch Braeu once from the inside is well worth. Here the beer is still brewed in a manageable quantity. There is one particular quality, craftsmanship and good taste.

Mineraltherme: With its attractive water offers, the extremely many-sided relaxation programs and health programs as well as the generously formed recreation areas the Mineraltherme Boeblingen allows you to have heavenly moments for good sensations.

Attractions around Boeblingen

For those who want to hire a car there are many more attractions very close to Boeblingen...

Ritter Sport: This is a chocolate factory which is located in Waldenbuch. Accompanying the factory is a museum. The museum explores the history of chocolate and the factory. They even have an art exhibition that goes with the factory.

Schoenbuch Golfplatz: The golf course includes a driving range and an 18 hole golf course. A 9 hole public golf course is also available at very reasonable prices. Membership is not necessary.
**Attractions in Tuebingen**

**Castle:** The present Castle in which numerous universities and collections are housed, dates mostly from the 16th century.

**Poke boat Ride:** One can sail on a punting boat down the Neckar River. Very romantic.

**Neckarmueller:** Afterwards you should reward yourself with a refreshing beverage in the nearby beer garden of the „Neckarmueller“. This is a popular microbrewery with the beer garden overlooking the Neckar river.

**Medieval Marketplace:** The medieval Marketplace is located in the old section of the city which is well worth a stroll around. Every Monday, Wednesday and Friday the local farmers come together and sell their goods in the same way they have done for centuries.

**Auto- und Spielzeugmuseum Boxenstop:** Big cars, small cars, old-timers, racers and sports-cars, racing motorcycles, child pedal cars - the heart of an auto fan and motorcycle fan hits higher hits in the boxenstop. The collection comprises more than 1000 valuable toys from miniature steam railroads through model airplanes and model ships up to steam tractors, under it toys from metal, wood, porcelain, celluloid and plastic.
For those who like to hire a car there are lot more attractions around Tübingen...

**Kloster Bebenhausen:** This is a medieval monastery located in a very small village about 5 kilometres from Tübingen (towards Boeblingen). The village is still surrounded by the medieval wall which is almost still completely intact.

**Burg Hohenzollern:** This is a picture-perfect castle, which is probably one of the nicest we have in Europe. Very much a typical fairy tale castle, it is situated about 30 kilometres away from Tübingen.

**Schloss Lichtenstein:** This is a smaller, but very authentic, old castle. It is located about 30 kilometres away from Tübingen.

**Schloss Hohenentringen: Named „Schloß“—** this is a very old and unusual restaurant. It is located in an equally as old and simple castle, with its very own Knight’s dining room.
**Mercedes-Benz Museum:** A big draw for visitors to Stuttgart is the sensational Mercedes-Benz World. On a total area of approx. 17,000 sq.m. the Mercedes-Benz Museum shows around 160 vehicles on permanent display, including not only the earliest models but also the latest series production vehicles.

**Porsche Museum:** The Porsche AG Stuttgart opened at the end of January, 2009 centrally on the Porsche Platz in Zuffenhausen a new museum in which about 80 vehicles and numerous small exhibits are presented. Besides the 'Porsche classics' like 356, 550, 911 or 917 the developing achievements of Professor Ferdinand Porsche are also appreciated from the early years of the 20-th century.

**Schlossplatz (Palace Square):** The writer Hackländer transformed the former dusty parade ground into a flower garden in the 1860s. The Jubilee Column at its centre was erected in honour of King Wilhelm I's silver jubilee in the year 1841.

**Staatsgalerie (State Gallery):** The State Gallery of Stuttgart, built in the years 1838 - 1843 under King Wilhelm I of Wuerttemberg, has been one of the most visited German museums. The classicist building from the 19th century, the Old State Gallery, is home to the works from the 14th to the 19th century. The New State Gallery, is dedicated to the art of the 20th century. Since the end of the Second World War the emphasis of the collection of the State Gallery is in the classical modernism and the contemporary painting and sculpture.

**Art Museum Stuttgart:** The museum building, opened in 2005, already entices visitors from afar. Especially at night, when the transparent outer shell of glass is brilliantly illuminated and the cube of stone in the building's core grows visible from the outside. Although the outer appearance of the building makes visitors anticipate a clear-cut architectural structure, upon entering they are surprised when confronted by two former traffic tunnels. These provide the greatest part by far of the 5,000 square-meter exhibition space.

**TV Tower:** Built in 1956 and standing at an impressive 217 meters high, Stuttgart's T.V. Tower is the original model for the television towers from around the world. From no other point in Stuttgart is the view of the city, of the vineyard landscape of the Neckar Valley, of the Swabian land up to the Alb, to the Black Forest and to the Odenwald, so comprehensive as from the television tower. It also offers a restaurant and beer garden.

**Theaterhaus:** One of the most innovative cultural projects in Europe and contains a unique mixture of art, sport and social management. The new form of a theatrical institution. Art and sport, with a successful program mixture of drama and dance theatre, jazz, literature, rock and pop music, cabaret, comedy and political discourses.
